00-01 Crown Vic Custom Mounting Kit Deck Light Mounting Bar

This mounting kit will securely attach a Light Mounting Bar to the rear deck of a 00-01 Ford Crown Victoria.

No drilling required.

Instructions:

- 1) Fasten lights and equipment onto the Rear Deck Light Mounting Bar.
- 2) Locate the three plastic covers on the rear deck of the vehicle. For this installation you will use only the outer two.
- 3) Open the outer two covers to reveal two holes with metal brackets inside.
- 4) Position the longer stud of one 07.2000 bracket so that it faces the back window. The short stud on top should face towards the front of the car. Now slide the longer stud into one of the holes in the rear deck, through the metal bracket.
- 5) Install the Heavy Flat Plate onto the longer stud using one 1/4" kepps nut, clamping it onto the vehicle bracket. **Do Not Tighten Yet.**
- 6) Repeat steps 4 and 5 on the other outer vehicle bracket.
- 7) Position the Light Mounting Bar so that the slots are facing towards the front of the car. Set the Deck Light Mounting Bar on top of the 07.2000 brackets with the shorter studs inserted through the Mounting Bar slots.
- 8) Using two 1/4" flat washers and two 1/4" kepps nuts, secure the Light Mounting Bar to the 07.2000 brackets.
- 9) **Now tighten the nuts** which clamp the Heavy Flat Plates onto the longer studs, securing the assembly to the vehicle brackets.
