

MODEL NO. 01.0166 (Incandescent)  
& 01.0169 (Halogen)  
12V. Tear Drop w/ Magnetic Base

**! WARNING !**

The steel content of vehicle roofs varies considerably and some may not be suitable for mounting warning lights with magnetic bases. It is the sole responsibility of the user to determine if portable warning lights may be safely used on the exterior of their vehicle.

**INSTALLATION INSTRUCTIONS:**

This unit is supplied with a dome hood for driver eye protection during dashboard mounted situations. A metal plate is provided to facilitate mounting your new **SHO-ME**® 01.0166 or 01.0169 to a vinyl dashboard. Simply strip the back to back adhesive pieces and apply to the surface of the plate. Then press firmly against the area of the dashboard on which you desire to mount the light. \*Do not touch Halogen bulb with bare hand.\*

**WARNING!**

On vehicles equipped with driver and/or passenger side air bag systems (SRS), this equipment, including its supply wiring, should be mounted within the area specified by the vehicles **manufacturer**. Failure to mount the equipment within the area specified by the **manufacturer** of the vehicle could result in damage and reduced effectiveness to the air bag and/or cause the equipment to become a projectile in the event of air bag deployment, resulting in serious personal injury and possibly death. To determine the specified air bag deployment area, please refer to your vehicles manual or contact the manufacturer of the vehicle if this information is not found in the vehicles manual.
