

MODEL NO. 11.4216 LED Value Visor Light

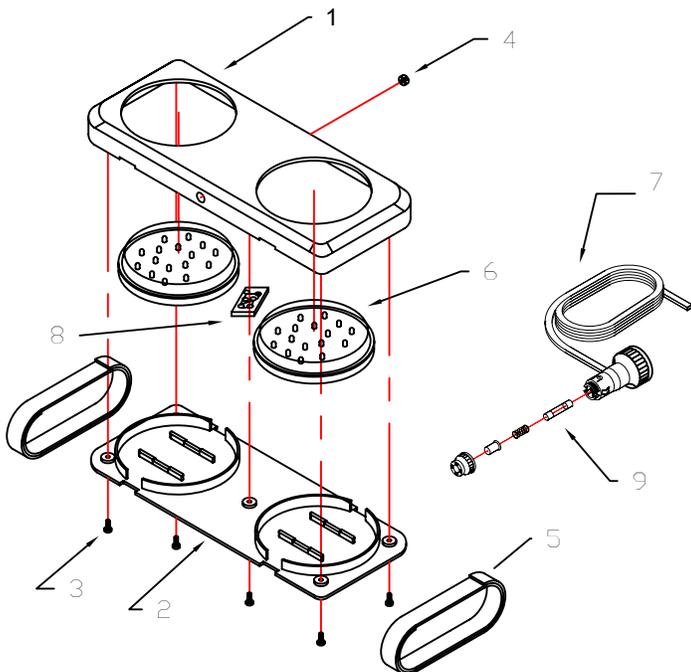

GENERAL INFORMATION

The LED Value Visor Light features one switch, **Power - ON/OFF** on the cigarette lighter plug. Product is available in amber, blue, green, red or white LEDs. The LED Value Visor Light has an internal flasher with Quad Alternating flash.

INSTALLATION INSTRUCTIONS:

Select the visor you wish to use for mounting your new Visor Light. With visor in the down position mount Visor Light with attached Velcro straps. (Visor Light should be facing the front glass.) Route cord in a manner so it will not interfere with airbag deployment. Plug into lighter or accessory outlet.

NOTE: To avoid light being blocked by tinted strip at top of windshield, mount Visor Light at the bottom of visor, if desired.
