

SWITCH-ROTA12

INSTALLATION SHEET

ROTARY SWITCH FOR 12 HEAD 185W POWER SUPPLY

Blank spaces provided for you to write in your own switch names.

Each rocker switch turns on a set of four heads. The rotary switch provides access to all flash patterns.

Note: The rocker switches are illuminated and are for 12 volt systems only.

***TWO power wiring harnesses are included with the 12 head power supply.**

Run RED wires to BATTERY+.

Run all 4 black wires to chassis ground.

To ensure correct operation use the proper size wire:

14AWG wire is strongly recommended.
